(i) Remarks _____

DESCRIPTION OF PROPOSED WORKS

At well #66 artesian water at present flows through a 6" casing pipe and the State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water flow is controlled by a 6" gate valve, The flow will be used to supply domestic water through pipes to residences in the S. of NW. of Sec. 4, Twp. 21⁵, R. 61 E., which has been subdivided into blocks and lots and is known as the "Scotch Eighty addition. At well #64 artesian water at present flows through a 6" casing pipe, with gate valve, thence by a 2" pipe to an octagonal frame pump house equipped with an electrically operated pump and a pressure tank. (Cont. on back)

5. Estimated cost of works \$10,000.00 in addition to \$8,000.00 already expended.

6. Estimated time required to construct works two years.

7. Remarks The signing of this application shall not be construed as a re-

For use of applicant

linquishment of any right, title or interest in the within described wells, and the waters thereof previously acquired by the applicant.

Lawrence G. McNeil, Applicant.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source. Valves must be installed and maintained to prevent waste of water and accurate measurements of water placed to beneficial use must be taken from time to time. This source is located within an area that has been designated by the State Engineer as coming within the meaning of the provisions of the 1939 Underground Water Act, as amended in 1943; therefore, the State reserves the right to regulate the use of water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Five-Tenths (0.5) cubic feet per second.

Actual construction work shall begin on or before June 6, 1944

Proof of commencement of work shall be filed before July 6, 1944

Work must be prosecuted with reasonable diligence and be completed on or before June 6, 1946

Proof of completion of work shall be filed before July 6, 1946

Proof of Completion of work filed JUN 7 1950 Converse

Application of water to beneficial use shall be made on or before

June 6, 1947. Proof of the application of water to beneficial

use must be filed with State Engineer on or before July 6, 1947

Proof of Completion of work filed FEB 17 1944

Proof of Completion of work filed JUN 28 1948

Proof of Completion of work filed JUN 27 1948 Well No 64

WITNESS MY HAND AND SEAL this 6th day of December, 1943
